## A TALK WITH MRS. PINKHAM

About the Cause of Anemia.

Everybody comes into this world with a predisposition to disease of some particular tissue; in other words, everybody has a weak spot. In ninety-nine cases out of a hundred the weak spot is in the system of the uterus. The uterus organ has less resistance to disease than the vital organs; that's why they give out the soonest.

Not more than one woman in a hundred—nay, in five hundred—has perfectly healthy organs of generation. This points to the stern necessity of having one's self just as soon as the life powers seem to be on the wane.

Excessive menstruation is a sign of physical weakness and want of tone in the uterine organs. It saps the strength away and produces anemia (blood turns to water).

If you become anemic, there is no knowing what will happen. If your gums and the inside of your lips and inside your eyelids look pale in color, you are in a dangerous way and must stop that drain on your powers. Why not build up on a generous, uplifting tonic, like Lydia E. Pinkham's Vegetable Compound?

Mrs. Edwin Smith, 413 Church St., Bethlehem, Pa., says: "I feel it my duty to write and tell you that I am better than I have been for four years. I used Lydia E. Pinkham's Vegetable Compound, one package of Sanative Wash, one box of Liver Pills, and can say that I am perfectly cured. 'Doctors did not help me any. I should have been in my grave by this time if it had not been for your medicine. It was a godsend to me. I was troubled with excessive menstruation, which caused womb trouble, and I was obliged to remain in bed for six weeks. Mrs. Pinkham's medicine was recommended to me, and after using it a short time, was troubled no more with flooding. I also had severe pain in my kidneys. This, also, I have no more. I shall always recommend the Compound, for it has cured me, and it will cure others. I would like to have you publish this letter.' (In such cases the dry form of Compound should be used.)

members of the general assembly and other Republicans who do not favor Hanna's election. Last spring in Cleveland, where Hanna lives, Robert E. McKisson was the regular Republican nominee for mayor and Mr. Hanna conspired to defeat him, but failed. In 1889 Joseph Benson Foraker was the Republican nominee for governor of Ohio and Mr. Hanna was a leading member of the conspiracy to defeat Foraker and succeeded and rejoiced thereat. And now according to the Hanna papers, Republicans opposing this man Hanna are horrid "traitors."

The New York Herald is printing the names of pensioners for total or partial disability who hold good paying offices in the departments at Washington. Some of them are on salaries of \$2,000 and \$3,000 a year, and yet draw pensions ranging from \$20 to \$50 a month. These kind of fellows ought to be exposed.

Special pension bills go through congress with railroad speed, and there is no let up. Just before adjourning for the holidays the senate in one hour passed 138 of these bills; and on one occasion before, 114 were passed in 45 minutes, and 130 in 50 minutes. In the last batch 14 were vetoed, one because the fellow had twice deserted, the last time not returning. More time and deliberation might prevent such bills going through.

The Republican St. Louis platform declares for civil service. General Grosvenor, however, a Hanna leader, spits on the platform in this respect and is trying in congress to overthrow civil service. Republicans are like the Mohammedans about the hog. The Koran interdicts eating a part of every swine on pain of excommunication, but does not the occasion a great success at Wooster. At many other points in Ohio the day was honored. It is evident there is life in the old land yet and hope for a rejuvenated Democracy.

American rejoice in England's position and success on the Chinese question. Our newspapers all express themselves the same way. Great Britain takes the position that there shall be no dismemberment of the Chinese empire, and what is granted to one nation must be extended to all others. England has the leading trade with China, Japan next and the United States next, Germany and Russia coming in behind. The naval power of England and Japan is much greater than that of Germany and Russia. There will be no trouble over China at this time.

Honest Republicans must admire the courage of Governor Bushnell in throwing out the Hanna yoke. Governor Bushnell, with a view of keeping peace and harmony appointed Hanna to succeed Sherman in the United States senate, but despite of this he received nothing but bad treatment from Mr. Hanna. This is well known and Mr. Hanna is getting what he deserves.

Here are three great achievements of the Dingley tariff: A marked decrease in the export trade of the United States in the cotton industry. A depressed cotton industry and reduction in wages of cotton workers; and a deficiency in the revenues of about \$50,000,000 for the first six months of the current fiscal year.

M. A. Hanna claims to be the Republican candidate for United States senator, and he and his organs denounce as "conspirators" and "traitors" the Nature makes the cures after all.

Now and then she gets into a tight place and needs helping out. Things get started in the wrong direction. Something is needed to check disease and start the system in the right direction toward health.

Scott's Emulsion of Cod-liver Oil with hypophosphites can do just this. It strengthens the nerves, feeds famished tissues, and makes rich blood.

In the name of exchange, does 322 business failures in one week indicate prosperity? The way failures have been running the last few years there is fewer to fall. The fact is business houses have been largely curtailed through hard times and failures. Is it "general prosperity" in New England with their leading industry, cotton manufacturing,

in the first week of the new year there were 322 business failures reported to the commercial agency of R. G. Dun & Co. In the corresponding week of 1892 the number of failures was 471. The decrease is 140, which is 6 per cent. It is in the face of such figures that the enemies of national honor and general prosperity declare that there is no improvement in the world of trade and industry.

Representative Griffith after flopping back and forth, Hanna and anti-Hanna, finally voted for Hanna. It took force and fury and possibly somewhat else to get Griffith's vote as well as some other votes for Mr. Hanna. The truth is Mr. Hanna was not their choice. They wanted no monopolist like Hanna. McKisson would have suited these men much better than Hanna. McKisson is a young man, gallant and straight. He, as mayor of Cleveland, prevented the passage of the 50 year franchise to the street railways in which Hanna was interested and favored. No wonder Mr. Hanna opposed McKisson for mayor. The country needs different men from M. A. Hanna in congress, men less selfish and more disposed to regard the constitution and "establish justice."

## LAST VOTES JOINTLY.

Balloting For Senator at Columbus Today.

MR. HANNA IS LIKELY TO WIN.

He Had a Majority of One When the Two Branches Voted Separately Yesterday—Hitherto Charges Again Emanating From Both Sides.

COLUMBUS, Jan. 12.—The legislature is voting for United States senator on joint ballot today.

The warfar against Hanna is not over. It is having at least one more day of charges and counter-charges. The fight has never been more bitter than it is today. Senator Hanna received 73 votes yesterday, a majority of one over all in a total membership of 145. The senate voted 19 for McKisson and 17 for Hanna.

The house vote stood: Hanna, 66; McKisson, 49; Wiley, 1; Warner, 1; Leutz, 1; and absent.

The only absentee was Representative Cramer, but Democratic Populist member from Paulding county, who is seriously sick. He was not in his seat today. After the vote was received and recorded yesterday in each branch of the legislature separately, a majority of a quorum of those present is all that is necessary in the joint balloting today, so that the serious illness of Representative Cramer might become an important factor.

The scattering vote yesterday for Leutz, Wiley and Warner was cast by Representatives Wiley, Hackett and Hoss, all Democrats. If Cramer had been present and all other Democrats in line, McKisson's vote in the house would have been 63 or still three short of a majority in that branch of the legislature. With Hanna having a majority of three in the house, McKisson having a majority of two in the senate, the chair announced today that there was no election yesterday and that a joint ballot was in order. As in the case of the two bodies met in joint convention at noon, their respective journals of yesterday were read and the lieutenant governor made the usual official declaration.

If all the senators and representatives are recorded on the joint ballot today as they were recorded on their respective ballots, Senator Hanna will have a majority of only one over all. But in the absence of Representative Cramer and by some of the Democrats refusing to vote for Mayor McKisson, he is likely to have a larger majority on record on the journal of the joint convention. With the result apparently hanging on the chance of a last-minute vote, the contest has continued the same as it has been going on here for the past two weeks.

The seven Republicans who refused to vote for Senator Hanna have since signed statements that turn the bridge behind them. Senator Burke, Representatives Scott, Mason, Jones and Rutan say they will vote for Hanna if the Otis charges are proven to be untrue. Representatives Otis and Bramley, however, simply signed a codicil to their statement of the other five dissenters, in which they concur in asking for an investigation, but they state that they will not vote for Senator Hanna under any circumstances.

While the bureau of claims and charges are in full operation on both sides as usual, there are also reports about the bribery charges being presented to the grand jury of Hamilton county and of Franklin county. The grand jurors are in session in both of these counties, and there are current reports of efforts to secure indictments today.

As Representative Otis claims to have been offered a bribe at his home in Cincinnati, that case could be brought only before the grand jury of Hamilton county, and it would be necessary for Representative Otis to be there as a witness. If all the Otis cases today as it was cast yesterday, the absence of Mr. Otis and others opposed to Hanna would have no effect on the result.

There was talk of filibustering, but the opposition could not break a joint quorum if all their members should remain away.

The other case of alleged bribery comes from the other side. Representative Snider of Green county, who has been stopping at the Neil House during the past week, voted for Hanna, for Boxwell for speaker last Monday a week and attended the Republican house caucus one week ago last Saturday. The opponents of Senator Hanna have been after him closely and constantly. It is alleged that Mr. Madley came to the Neil House last week to see Mr. Snider and that he claimed to represent Kurtz and Bliss. Representative Snider had been anticipating the visit and a stenographer was stationed in the bathroom adjoining his apartments.

It is charged that Mr. Snider was offered \$5,000 for his vote and that the names of his backers were given by the caller. The stenographic report of the conversation between Snider and Madley is in the hands of Hon. E. F. Rathbone, who was assistant postmaster general under Harrison and is here as one of the managers for Hanna. It has been reported for several days that this case was before the grand jury of Franklin county, but when that body closed its work last evening it was unofficially stated that neither the Madley case nor any other case connected with the senatorial contest was before that body.

While it is not likely that any indictment will be made, yet it is quite probable that there will be an attempt in the legislature today for a dramatic scene on the charges of bribery.

The opposition is charging the Hanna men with voting down the motions and resolutions for an investigation of the bribery charges made by Representative Otis. The Hanna men say they will give the fullest consideration to this designation at the proper time, but that the purpose of these charges now is to stampede the legislature on the balloting for senator, and that such a scheme cannot be carried through. Some of the Hanna men also state that at the proper time they will reorganize the house, as the vote of yesterday showed that they had a majority of three over all in that body.

The success of Senator Hanna was not settled until 5 o'clock yesterday morning, when Representative Cramer of Paulding county signed an agreement to support Hanna yesterday and today. This was the outcome of the all-night session of the Hanna managers, and after the fusion had agreed to support Mayor McKisson for the senatorship instead of Charles Kurtz, as had been agreed upon. It is claimed that several Democrats refused to vote for Kurtz because he would not, like McKisson, agree to vote for free silver legislation in the senate.

Harry C. Mason of Cleveland, speaker of the house, gave out the following: To the Public:

"The principal reason why I have been opposed to Mr. Hanna is because of the fact that two years ago, when the

50-year franchise bill was before the legislature, I was approached by a man from Cleveland who was lobbying in the interest of that bill. He offered me a bribe of \$1,000 if I would vote for that measure.

"At my conference with Mr. Hanna, last Saturday, I told him that this reason would prevent my from supporting him, because I believed he knew the street railway of which he was president was behind the man who offered the bribe. I told him that I was on the ground lobbying in the interest of the bill.

"HARRY C. MASON.  
The Democratic steering committee of the fusionists issued the following manifesto:

THE HOUSE SESSION.

Sensational Scenes During the Balloting For Senator.

COLUMBUS, Jan. 12.—When the house assembled for business the call showed that Representative Cramer, Democratic member from Paulding county, was the only absentee, and the sergeant-at-arms was dispatched for him. Mr. Cramer is very sick. His physician forbids his attendance, but Mr. Cramer requested to be carried to the hall of the house. On the first call, Deaton of Morgan and Manuel of Montgomery did not respond, but they were soon found in the lobby.

Quite a large delegation went to the boarding-house of Representative Cramer to fight it out with his physician and family. After waiting a half hour the Republicans moved that further proceedings in the house be dispensed with. As this meant to proceed with the ballot in the absence of Cramer, there was a close fight on the motion. The test vote resulted: Ayes, 56, nays, 82, and the house dispensed with the call and proceeded to business. Great applause on the Republican side.

Representative Kinney rose to a question of privilege and had read the charges of Otis to be before the grand jury of Hamilton county. He offered a resolution that a committee of five be appointed at once to investigate these specific charges and any other charges of bribery affecting any member of this house.

Mr. Ashford moved to amend the resolution so that said committee of five be empowered to investigate any other charges or persons in connection with the election of United States senator.

The ayes and nays were called on every motion and there was an attempt at this juncture to delay the proceedings by these calls.

A motion was made on the Democratic side to suspend the rules and consider the Kinney resolution at once. This was defeated by the same vote of 52 ayes and 56 nays when there was again applause on the Republican side.

The votes were on strict party lines, with the exception of Speaker Mason of Cuyahoga, Representatives Bramley of Cuyahoga, Jones of Stark, Scott of Fulton and Otis of Hamilton, who voted with the 47 Democratic members.

The name of Marcus A. Hanna was then presented by Representative Leland of Noble and seconded by T. R. Smith of Delaware.

The name of Mayor Robert E. McKisson of Cleveland was presented by Representative Bramley.

Representative Leland praised Senator Hanna in a dignified manner, but Representative Smith referred to the treachery in the party in asking testimony in vigorous terms in preventing the name of McKisson. There were loud demonstrations of hisses with cries of "traitor."

The nomination of McKisson was seconded by Jones of Stark county, also a Republican. The Democrats took no part, except in voting and applauding. Jones praised President McKinley in his speech and denounced Senator Hanna.

Representative Droste announced that he had intended to present the name of Jephtha Garrard, but he would not now do so at the request of that gentleman.

The cheering as the names of Griffith of Union, Manuel of Montgomery, Joyce of Gurney, Droste of Kemper and Lane of Hamilton were cast for Hanna were tremendous. Representative Otis desired to explain his vote, but was shut off under the rules and the balloting went on with cheers in the gallery for Hanna.

When the result of the ballot was announced as Hanna, 56; McKisson, 49; Wiley, 1; Warner, 1; Leutz, 1, there was considerable stir on the Democratic side. Speaker
